Experience

Senior product manager, Rayn Group Feb 2022 to now

- Own the integration roadmap for Foundation Health, a US virtual pharmacy, across 8+ concurrent initiatives.
- Delivered SMART on FHIR and HL7 integrations with Epic and Cerner, plus Surescripts RxTransfer and Amazon Pharmacy routing.
- Lead three regulatory integrations: pharmacy prior authorization (NCPDP SCRIPT), a shared NCPDP layer for RTPB and formulary, and medical prior authorization (X12 278).
- Planned a compendia service on RxCUI that consolidates five medication lookups. Led vendor exits from Zoho Desk and Feathery, including about 1M migrated events.
- Led GCSS for WHO, NEOC, and the Gates Foundation: 6,000+ boundaries, 69,000+ vaccinators, missed-settlement review cut from about 6 hours to under 30 minutes, 5,000+ children vaccinated in flagged areas.
- Manage the build of UNDP's 4RF platform, which tracks 2022 flood recovery for the Ministry of Planning.
- Led DISP, offline-first polio data apps, with 40%+ better timeliness and accuracy. Led VaxiSure IoT cold chain pilots, with up to 25% less potential wastage. Led an ML model that finds 95%+ of team support centres from GPS traces.

Government innovation lead, Code for Pakistan Oct 2016 to Jan 2022

- Directed 60 engineers who took 30+ public services online for 900,000+ citizens, saving 57,000+ hours a year.
- Launched Pakistan's first provincial open data portal (CKAN, 6,000+ datasets) and co-wrote the KP Open Data Strategy. Trained 300+ officials.
- Proposed and ran an Open Data Day 2021 hack day on an Open Knowledge Foundation mini-grant, mapping Billion Tree Tsunami plantation sites from a WWF monitoring report.

Business innovation officer, The Nerd Camp Oct 2015 to Sep 2016

- Built roadmaps from market research. Three launches drove about 20% revenue growth.

Software engineer, Sweet Pixel Studios Apr 2014 to Oct 2015

- Built Unity and C# mobile games with Firebase analytics. Titles held a 4.5+ store rating.
